## Biography

I have been involved in alternative dispute resolution as an arbitrator, mediator, neutral evaluator and as a participant since I began practicing law in 1987. My involvement as a neutral began with my service on the Bar Association's Fee Dispute Resolution Committee and with my representation of school districts in employment matters. Because of my experience in the construction industry and in construction law and litigation, I have been called upon frequently to mediate and arbitrate in construction cases.

I have attended seminars in both arbitration and mediation since 1992, and recently completed an extensive 40 hour mediation training program in order to continue to develop my skills in order to better serve my clients and parties utilizing my services.

I bring extensive civil trial experience, a business and construction background, and personal experience to the table as a mediator. I draw on these resources when conducting mediations and arbitrations, just as I do when I represent clients in those proceedings. My arbitration/mediation practice is steadily growing and has now become a significant aspect of my practice.

## Professional Activities

Prepared written materials for and have lectured on general negligence, construction law, condominium law, legal ethics and related topics

Testified at legislative hearings regarding construction-related legislation

Active in insurance and legislative issues involving the construction industry and condominium association representation

## Hourly Rates

My hourly rate for arbitration/mediation services is \$230/hour. I wish to be listed on the volunteer list and the market-rate list.

I prefer to work in the Belknap, Carroll, Grafton, Coos, Merrimack, Rockingham and Strafford County areas, if possible. I also offer mediation and arbitration services at my office in Laconia.
