4. Clerk's Office Information

Q: How will I know if my document is accepted or rejected for filing by the Clerk's Office?

A: If you choose to receive email notifications when you register, you will receive an email sent to your registered email address telling you whether your document has been accepted for filing. If the document has been rejected, the email will state the reason why. You may also check for messages by signing into TurboCourt and by clicking on the Form Set Number for your filing.

Q: When will my document be considered filed?

A: In most instances, your file date is the date you submit your document, pay any fee that is due and receive a confirmation from the e-filing system that your document was received. If that all happens before 11:59:59 PM on a particular date, that is your filing date. There are exceptions to this which are explained in the Electronic Filing Rules.
